INDEPENDENT AUDITORS' REPORT

**To: The Owners of
Mirae Asset (Vietnam) Management Company Limited**

We have audited the accompanying financial safety ratio report of Mirae Asset (Vietnam) Fund Management Company Limited ("the Company") as at 31 December 2024 as prepared on 20 March 2025 and set out on pages 05 to 30. The report has been prepared by the Company's General Director in accordance with regulations of Circular No. 91/2020/TT-BTC dated 13 November 2020 issued by the Ministry of Finance on financial safety ratios and remedies applicable to securities trading companies that fail to meet the stipulated financial safety ratios ("Circular 91") and Note 2.1 to the financial safety ratio report.

The General Director's responsibility

The General Director of the Company is responsible for the preparation and presentation of the financial safety ratio report in accordance with Circular 91 and Note 2.1 to the accompanying financial safety ratio report. The General Director is also responsible and for such internal control as the General Director determines is necessary to enable the preparation and presentation of the financial safety ratio report that is free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on the financial safety ratio report based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements, plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial safety ratio report. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial safety ratio report, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of financial safety ratio report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of reporting policies used, as well as evaluating the overall presentation of the financial safety ratio report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial safety ratio report as at 31 December 2024 of the Company is prepared and presented, in all material respects, in accordance with the regulations of Circular 91 and Note 2.1 to the financial safety ratio report.

Policies of preparation of report and restriction on use of report

Without modifying our opinion, we draw attention to Note 2.1 and Note 3 to the financial safety ratio report which describe the applicable regulations and the summary of significant policies for the preparation of the financial safety ratio report. Also as described in note 2.2, the financial safety ratio report was prepared to comply with the regulations on preparation and disclosure of the financial safety ratio report of the Company. As a result, this report may not be suitable for other purposes.

2. BASIS OF PREPARATION

2.1 *Applied regulation*

The financial safety ratio report of the Company is prepared in accordance with Circular No. 91/2020/TT-BTC dated 13 November 2020 issued by the Ministry of Finance on financial safety ratios and remedies applicable to securities trading companies that fail to meet the stipulated financial safety ratios (“Circular 91”). The financial safety ratio report is prepared based on the financial data of the Company at the reporting date.

2.2 *Purpose of preparation*

The financial safety ratio report is prepared to comply with the regulations on preparation and disclosure of financial safety ratio report and is not suitable for other purposes.

2.3 *Reporting currency*

The Company prepares this report in Vietnam dong (“VND”).

Mirae Asset (Vietnam) Fund Management Company Limited

NOTES TO THE FINANCIAL SAFETY RATIO REPORT (continued)
as at 31 December 2024

3. SUMMARY OF SIGNIFICANT POLICIES FOR THE PREPARATION OF FINANCIAL SAFETY RATIO REPORT

3.1 *Capital liquidity ratio*

Liquid capital ratio of the Company is determined using the formula specified in Circular 91 as follows:

$$\text{Liquid Capital ratio} = \frac{\text{Liquid Capital} \times 100\%}{\text{Total exposures to risks}}$$

In which: total exposures to risks are the sum of exposures to market risk, exposures to settlement risk and exposures to operational risk.

3.2 *Liquid Capital*

As stipulated in Circular 91, the Company's liquid capital is the total equity that can be converted into cash within ninety (90) days, which includes:

- ▶ Owners' equity, excluding of redeemable preferred shares (if any);
- ▶ Share premium excluding of redeemable preferred shares (if any);
- ▶ Supplementary capital reserve;
- ▶ Investment and development fund (if any);
- ▶ Financial and operational risk reserve;
- ▶ Other reserves belonging to owner's equity in accordance with prevailing regulations;
- ▶ Undistributed retained earnings ;
- ▶ Balance of provision for impairment of assets ;
- ▶ Fifty percent (50%) of fixed assets' increased value revaluated in accordance with prevailing regulations (in case of positive revaluation), or minus the total decreased value (in case of negative revaluation)
- ▶ Deductions (*Note 3.2.1*);
- ▶ Increases (*Note 3.2.2*); and
- ▶ Other capital (if any).

3.2.1 *Decreases to liquid capital*

The Company's liquid capital is decreased due to the following items:

- ▶ Treasury shares (if any);
- ▶ Total decreases in value of financial assets recognized at cost equivalent to the difference between fair value and carrying value of the assets, excluding the securities issued by the Company's related parties as well as the restricted securities with the remaining restriction period of more than ninety (90) days from the date of the financial safety ratio report;
- ▶ Short-term assets including prepaid expenses, receivables and advances with the remaining recovery period or settlement/reimbursement period of more than 90 days, and other short-term assets, except for assets whose exposures to market risk are required to be calculated in accordance with Circular 91, provision for impairment of investments and doubtful receivables;
- ▶ Long-term assets, except for assets whose exposures to market risk are required to be calculated in accordance with Circular 91, provision for impairment of investments and doubtful receivables;

as at 31 December 2024

3. SUMMARY OF SIGNIFICANT POLICIES DURING THE PREPARATION OF FINANCIAL SAFETY RATIO REPORT (continued)

3.2 *Liquid capital* (continued)

3.2.1 *Decreases to liquid capital* (continued)

- ▶ Items relating to modified, adverse or disclaimer audit opinion (if any) in the audited financial statements (if any);
- ▶ Securities issued by organizations which are related to securities-trading organizations in the following cases:
 - Parent company, subsidiaries of the Company;
 - Subsidiaries of the Company's parent company;
- ▶ Securities to be restricted from transfer for over ninety (90) days from the date of financial safety ratio report;
- ▶ The loss calculated according to the contract value in case a partner is totally insolvent.

When determining the decreases to liquid capital, the Company makes the following adjustment to the deductions:

- ▶ For assets used as collateral obligations of the Company or other third parties, the decrease value shall be deducted by the minimal value of the followings: market value of the assets, book value, value of remaining obligations;
- ▶ For assets secured by customers' assets, the decrease value shall be deducted by the minimal value of the followings: market value of the collaterals, book value.

Accordingly, market value of assets and value of collaterals are determined in accordance with Circular 91. The Company does not calculate exposures to risk for items deducted from liquid capital.

3.2.2 *Increases to liquid capital*

The Company's liquid capital is increased due to the following items:

- ▶ Total increases in value of financial assets recognized at cost equivalent to the difference between market value and carrying value of the assets, excluding the securities issued by the Company's related parties as well as the restricted securities with the remaining restriction period of more than ninety (90) days from the date of the financial safety ratio report; and
- ▶ Debts that are convertible to equity, including: convertible bonds, preference shares and other debt instruments registered to supplement liquid capital with the State Securities Commission and satisfying all requirements under Clause 2, Article 7, Circular 91.

The maximum value of total debt items used to increase liquid capital is 50% of the Company's owners' equity. Regarding convertible debts and debts registered to supplement the Company's liquid capital with the State Securities Commission, the Company deducts 20% of their original value each year during the last five (05) years prior to maturity/conversion into common shares and deducts 25% of residual value quarterly during the last four (04) quarters prior to maturity/conversion into common shares.

3. SUMMARY OF SIGNIFICANT POLICIES DURING THE PREPARATION OF FINANCIAL SAFETY RATIO REPORT (continued)

3.3 *Exposures to market risk*

Exposures to market risk are the potential losses which may occur when the market value of the Company's assets fluctuates in a negative trend and are determined by the Company at the end of the transaction day using the following formula:

$$\text{Exposures to market risk} = \text{Net position} \times \text{Asset price} \times \text{Market risk coefficient}$$

In particular, net position is the net volume of securities held by the Company at the calculation date, after being deducted by the number of securities lent and increased by the number of securities borrowed in accordance with prevailing regulations.

Assets which are excluded when determining exposures to market risk include:

- ▶ Treasury shares;
- ▶ Securities issued by the Company's related parties being:
 - The parent company, subsidiaries of the Company;
 - Subsidiaries of the Company's parent company.
- ▶ Restricted securities with the remaining restriction period of more than ninety (90) days from the date of the financial safety ratio report;
- ▶ Bonds, debts instruments, valuable papers in the money market at maturity;
- ▶ Securities hedged by sell warrants or futures contracts; sell warrants and sell options used to hedge for underlying securities.

3.3.1 *Market risk coefficient*

Market risk coefficient is determined for each asset item as specified in Appendix I of Circular 91.

The value of collaterals shall be deducted from the counterparties or customers' value of collaterals, other than transactions, contracts specified under point k, Clause 1, Article 10, Circular 91, if the related contracts and transactions satisfy the following conditions:

- ▶ Counterparties or customers secure their obligations using collaterals being cash, cash equivalents, valuable papers, negotiable instruments on the money market, securities listed and registered on the Vietnam Exchange and its subsidiaries, Government bonds, bonds guaranteed by the Ministry of Finance;
- ▶ The Company has rights to control, manage, use, and transfer collaterals if counterparties fail to make sufficient and timely payments as agreed in the contracts.

Value of assets subjected to deduction is determined as follows:

Collateral value = Quantity of asset x Asset price x (1 – Market risk coefficient)

Value of assets is determined in accordance with Note 3.3.2.
